

# Illuminating seal MC-LD-12-24DC

Part number: 19145

FESTO

 [General operating condition](#)

## Data sheet

| Feature                         | Value                                     |
|---------------------------------|---|
| Switching position indicator    | LED                                       |
| Type of mounting                | On solenoid valve via M3 central screw    |
| Product weight                  | 1.6 g                                     |
| Electrical connection           | To DIN EN 175301-803<br>Square design MSC |
| Operational voltage range DC    | 12 V ... 24 V                             |
| Protective conductor connection | Available                                 |
| Nominal power illuminating seal | 0.05 W                                    |
| Degree of protection            | IP65                                      |
| Ambient temperature             | -25 °C ... 85 °C                          |
| LABS (PWIS) conformity          | VDMA24364-B2-L                            |
| Material housing                | TPE-U(PU)                                 |
| Colour                          | Transparent                               |
